National Day of Prayer

The President of the United States has declared today a National Day of Prayer. Although every day should be a day of prayer, we are especially mindful of the situation of the world today. We need to pray specifically for those who are ill from this virus and who are in danger of contacting this awful virus that is affecting so many people. We need to pray for our country as we face the months to come. We must continue to strive to do God's will in everything we do. Many congregations are not holding worship services today because of this virus. I'm sure Satan is very happy about this. So please be diligent in prayer today as we should be every day.
