## A New Chapter in Life

We are born into this world for a purpose. Now, not everyone is born with the same purpose in life, however, the direction we take in life as humans should inevitably lead us to the same outcome. The outcome which I speak of is God. Many people who retire sometimes feel that life as they know it has come to an end and they sometimes feel useless because they may feel that they are no longer needed for anything. However, retired people have one of the greatest opportunities in life, because this new phase of life they have entered in could involve them in the ministry. In other words, retirement is only useless if you choose to make it useless, because in all reality being and sharing the light of God with the world is hands down the most important work there is to include the work you are retired from. Let us never forget what Jesus said in:

### ***Matthew 5:13-16 (NKJV)***

*"You are the salt of the earth; but if the salt loses its flavor, how shall it be seasoned? It is then good for nothing but to be thrown out and trampled underfoot by men. You are the light of the world. A city that is set on a hill cannot be hidden. Nor do they light a lamp and put it under a basket, but on a lampstand, and it gives light to all who are in the house. **Let your light so shine before men, that they may see your good works and glorify your Father in heaven.***

Adrian
