A Welcoming Congregation:

Being friendly as a congregation makes all the difference in world as to whether people will visit and stay or whether they visit and never step foot in this building again. I often heard people say things like , "No has ever come up to me and welcomed me to their services", yet my question is this to those individuals making those statements, have you ever taken the time to welcome others in your congregation? It's easy to criticize people for not doing something you deem necessary, however, when the shoe is on the other foot, they do the exact same thing. Some people are shy and really struggle with opening up to strangers, but I've seen people come out of their shy state of mind and really develop and blossom into great Christian greeters. My advice and challenge is this, take time to step outside the box and give greeting a visitor a chance.

Matthew 11:28-30 (NKJV)

Come to Me, all *you* who labor and are heavy laden, and I will give you rest. Take My yoke upon you and learn from Me, for I am gentle and lowly in heart, and you will find rest for your souls. For My yoke *is* easy and My burden is light.
