

The Darkness of the Heart

The state of our hearts directly effects the state of our souls. The two are so closely related that if one falters, the other slips as well. If the desires of the heart are to sin, our souls live in utter darkness. Sin separates us from God because it refuses to let His light in. We should strive always to keep God's love in our hearts in order to protect our souls.

When God is in our hearts, we begin to see things with new perspective. We are not so quick to judge others. We can see beauty in our fellow man. We are emotionally stronger and better equipped to fend off temptation. Let us welcome the light of God into our hearts, and treat our souls like the treasure that they are. (Matthew 12:35-27)
